

pushTAN: Adding a new device

www.sparkasse-nuernberg.de

If you have a new smartphone, you can set it up in just a few steps in the S-pushTAN app and connect it to your online banking. Important: To use this setup path, you need access to your existing S-pushTAN app. If it is no longer available, please use the instructions "pushTAN initial setup". This guide also applies to adding another device (maximum 5) to the device group.

1 Enter the password for your S-pushTAN-App or use the Face ID.

2 Click on „Verbindungen“.

3 Select the existing pushTAN connection of the Sparkasse Nürnberg.

4 Next, click on „Neues Gerät hinzufügen“.

5 Please follow the instructions and allow the Bluetooth connection on both devices. Then click on „Weiter“.

6 Please click on „Neuen QR-Code erstellen“.

7 Now allow the access to your camera to scan the QR-Code.

8 Next, enter the access data for your Online-Banking.

9 Your pushTAN connection has now been successfully set up! Please click on "Fertig".
